INSTRUCTION BOOKLET

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

STARTING THE GAME

1. Turn OFF the power switch on your Nintendo® Game Boy® Advance™. Never insert or remove a Game Pak when the power is ON.
2. Insert the *Teenage Mutant Ninja Turtles® 2: Battle Nexus™* Game Pak into the slot on the Game Boy Advance. To lock the Game Pak in place, press firmly.
3. Turn ON the power switch. The Nintendo Logo and legal screens appear.
4. To begin a game, press START when you see the *Teenage Mutant Ninja Turtles® 2: Battle Nexus™* title screen.

GAME SETUP

The Turtles' return has come at an unexpected time. They now find themselves forced into exile on a strange, alien planet, the result of a new time warping technology that has fallen into the wrong hands. But hope glimmers as they soon discover a hostage, a robot named Fugitoid, whom they rescue and convert to a valuable ally. Together they must defeat the bizarre enemy infestations on the planet and get back home to Earth!

NEW GAME

Master Splinter says success is where preparation meets opportunity. Your success depends on your choices in life and those choices begin here. In starting a new game, you are presented with a series of setup screens.

File Selection

Select a slot where you want to save your game. Press the Control Pad $\uparrow\downarrow$ to highlight a slot. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.

Difficulty Level

As your skill with the game progresses, so can your difficulty level. Press the Control Pad $\uparrow\downarrow$ to highlight your choice of EASY, NORMAL, or HARD. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.

Mode Selection

There are three radically different experiences in *Teenage Mutant Ninja Turtles® 2: Battle Nexus™*: Story Mode, Race Mode, and Battle Mode. For details regarding each mode, see Mode Descriptions on p. 18. Press the Control Pad to highlight a Mode. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.

The final setup screens that appear depend on which Mode you select. See Mode Descriptions on p. 18 for final setup instructions.

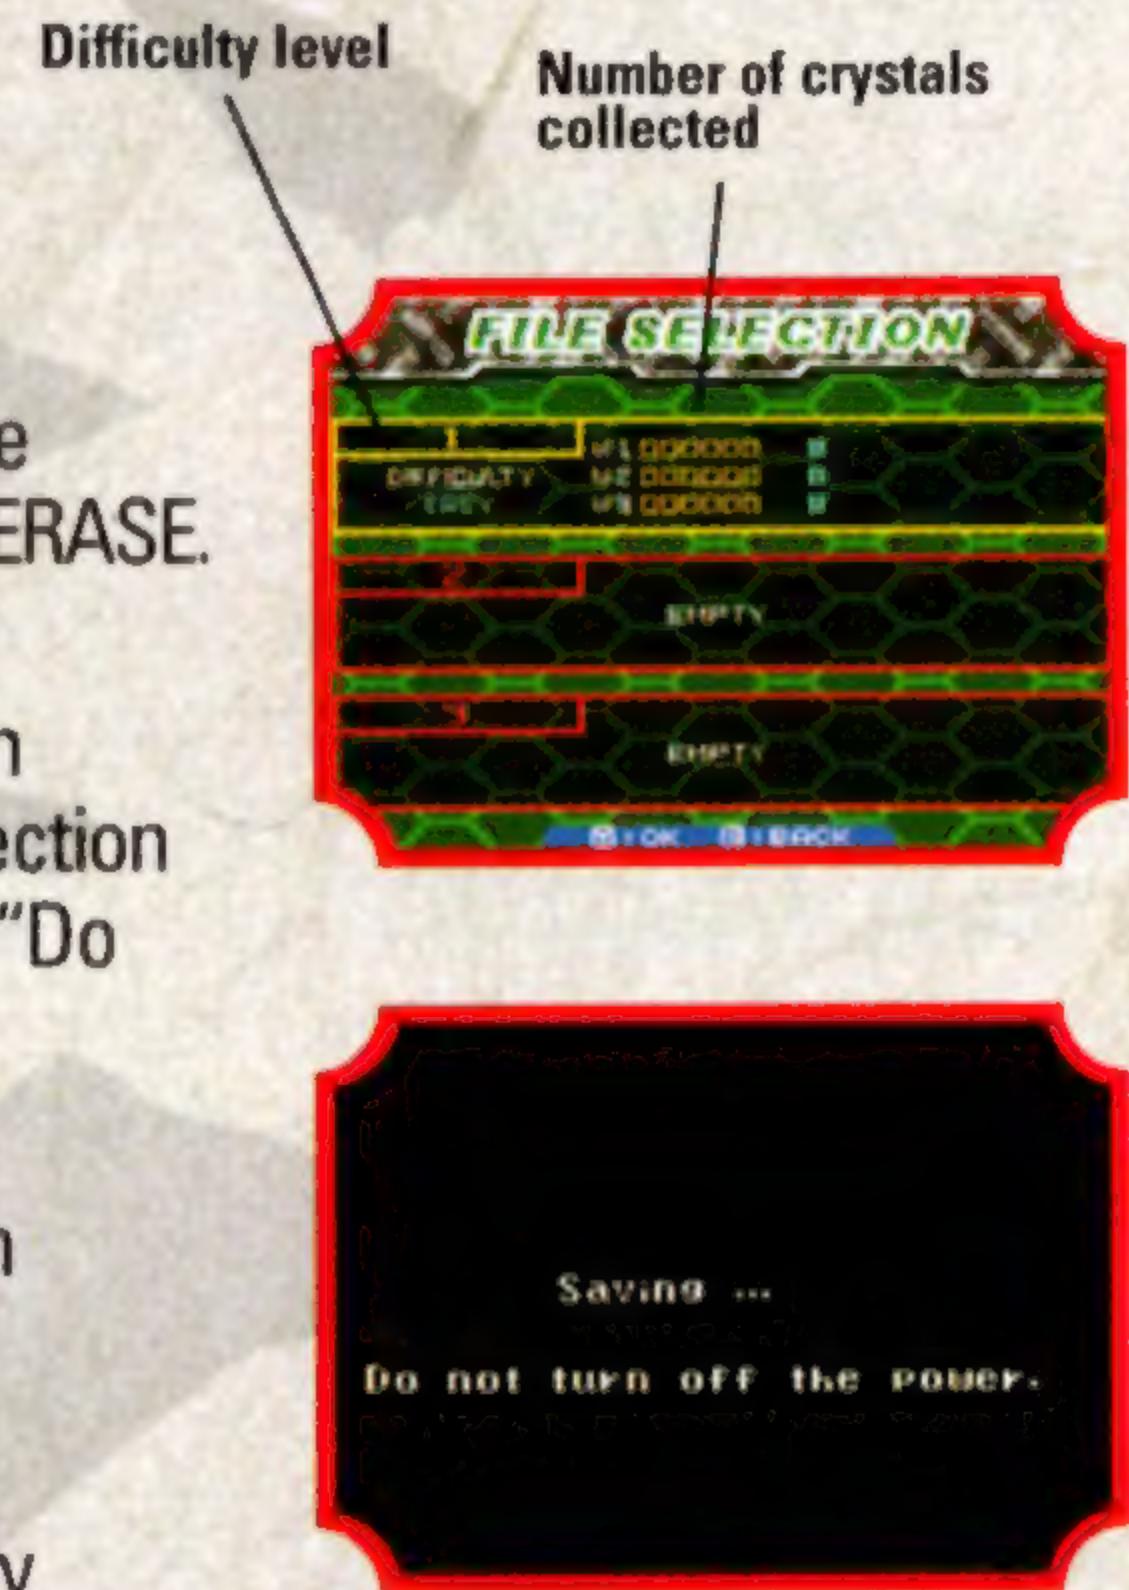

LOAD GAME

The File Selection screen shows slots where up to three games have been saved. Each saved game is displayed with the difficulty level, as well as the score and number of crystals collected in each world.

1. Press the Control Pad $\uparrow\downarrow$ to highlight a saved game and then press the **A** Button to select it. The following two options appear: **CONTINUE** and **ERASE**.
 2. Press the Control Pad $\uparrow\downarrow$ to highlight an option and then press the **A** Button to select it, or press the **B** Button to return to the File Selection screen. When **CONTINUE** is selected, you proceed to the Mode Selection screen. When **ERASE** is selected, a confirmation message appears: "Do you really want to erase the previously saved game?"
 3. Press the Control Pad \leftrightarrow to highlight **YES** or **NO** and then press the **A** Button to proceed or press the **B** Button to go back one screen without making any changes.

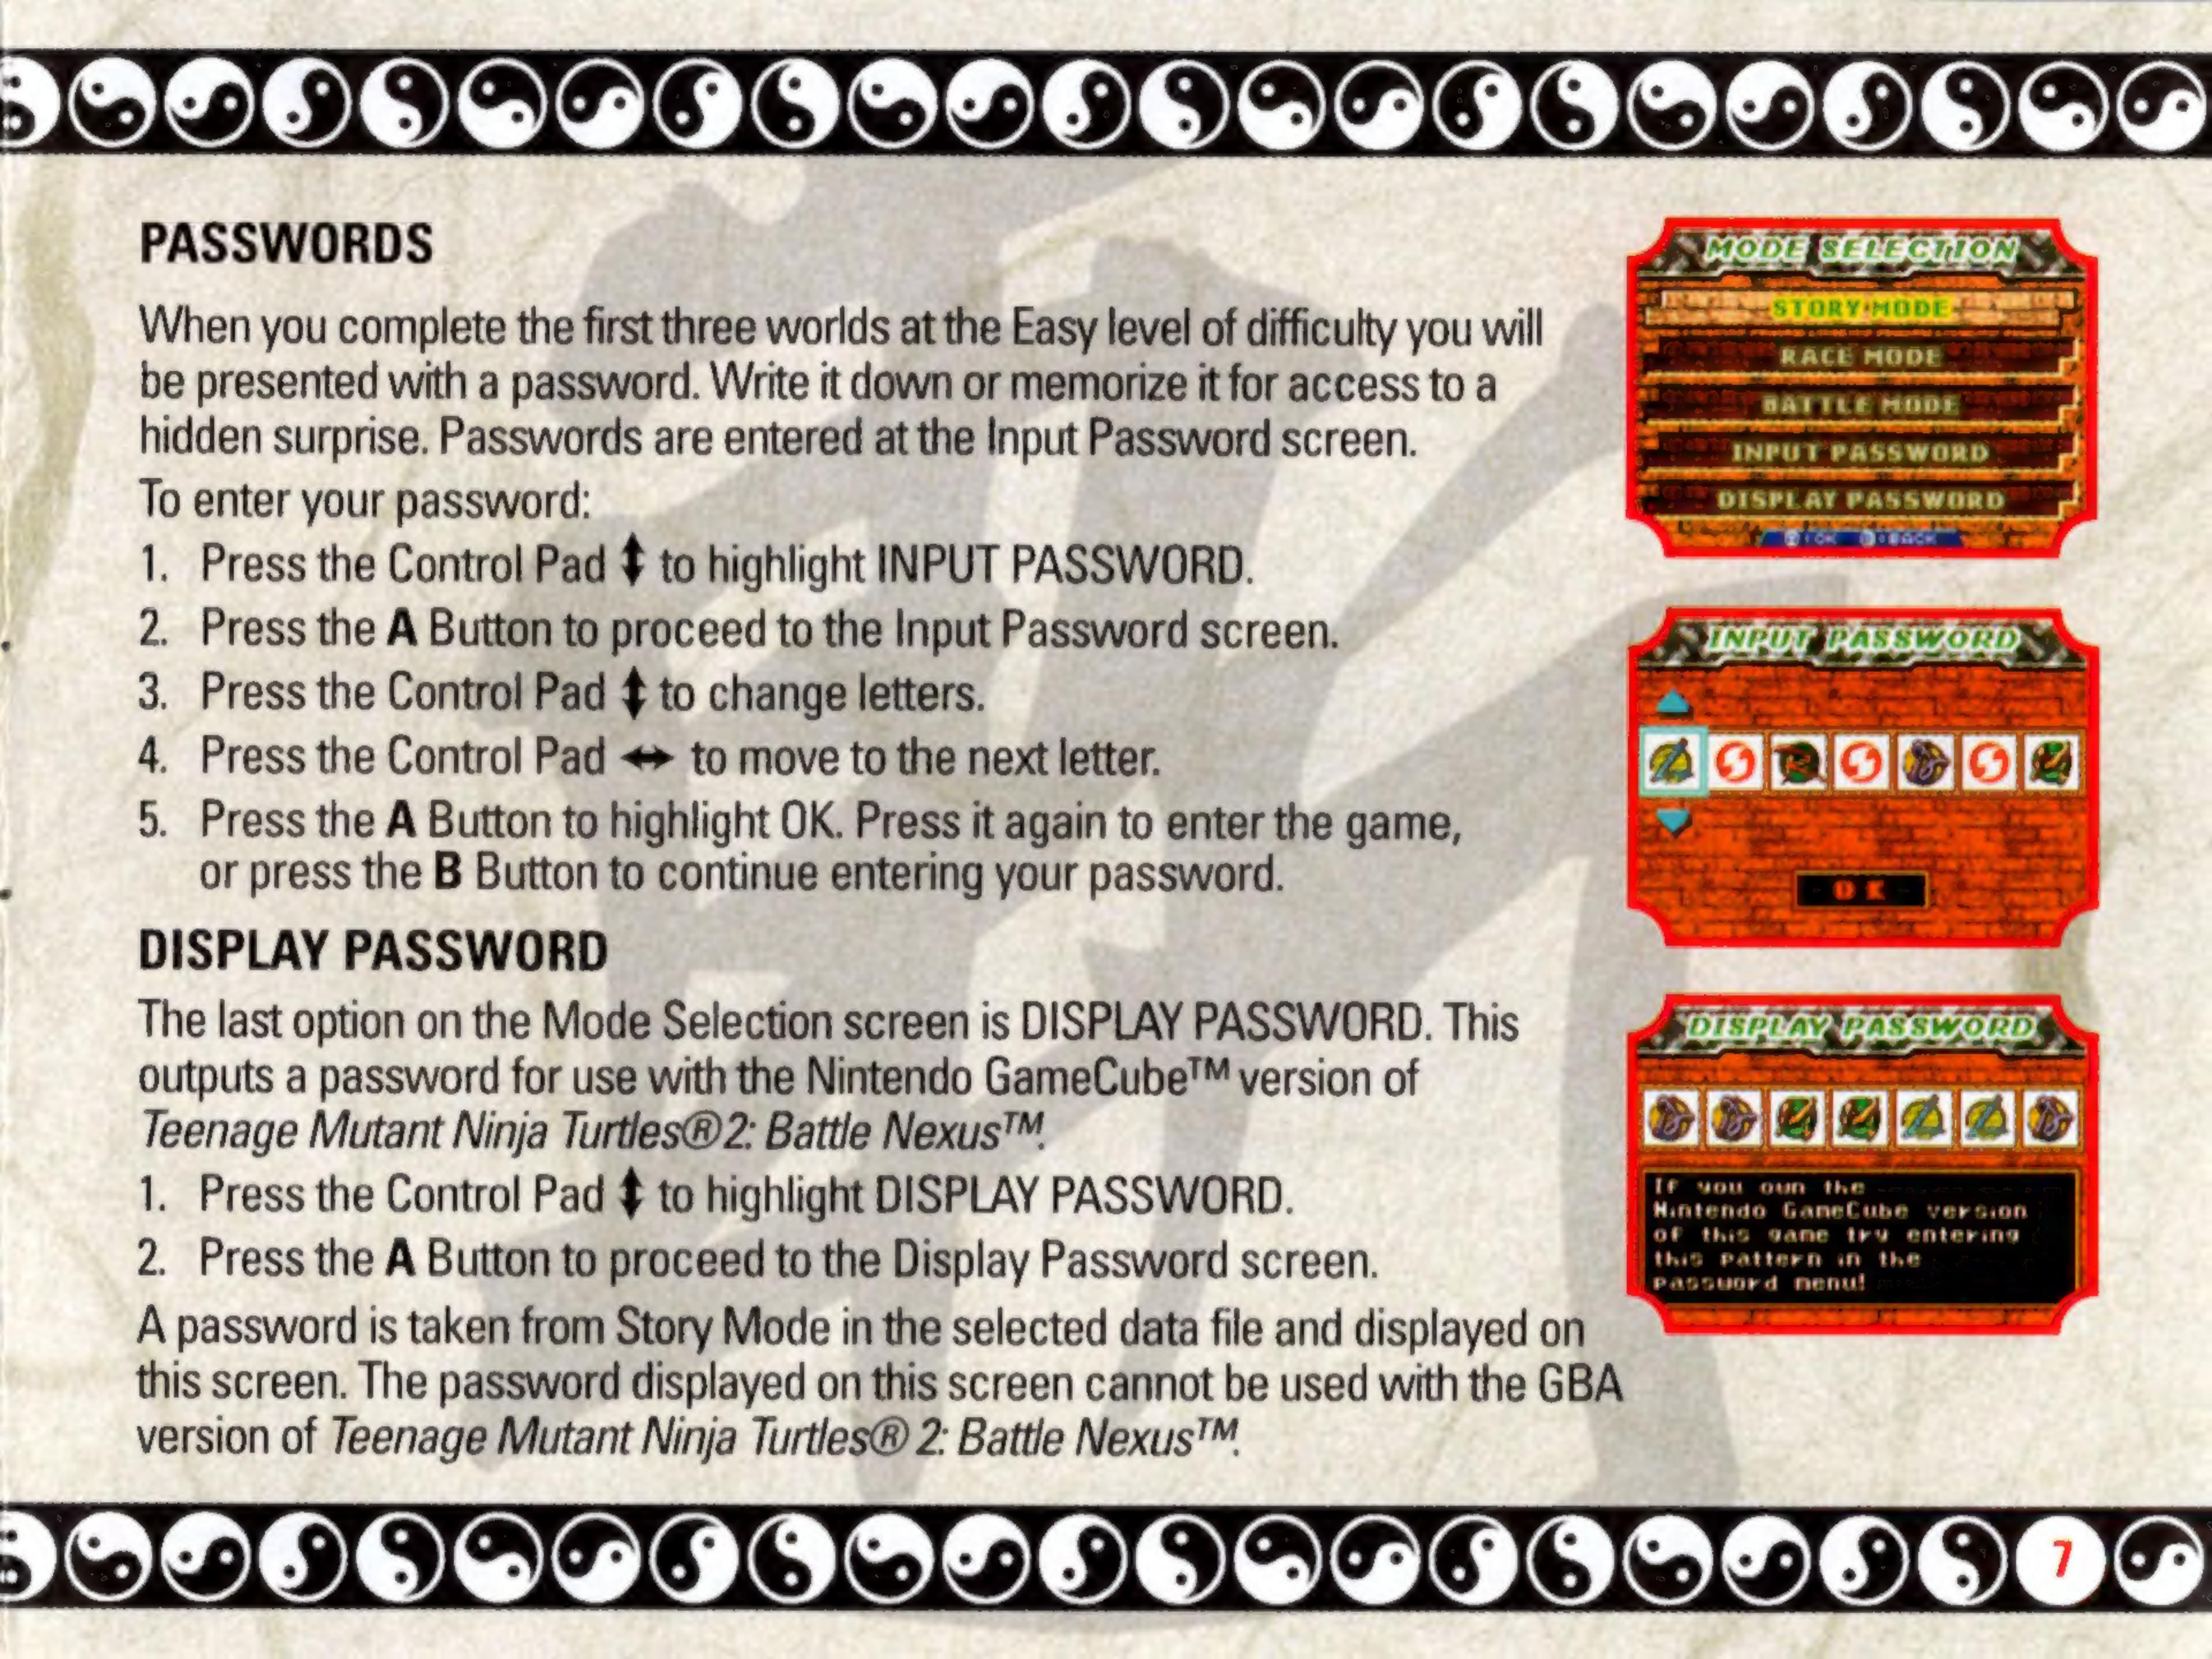

SAVING GAMES

You establish where a game is saved on the File Selection screen at the very beginning of a game (see New Game on p. 5). After that, games are automatically saved as you progress through each stage with your Turtle. If your Turtle happens to expire during a stage, he is positioned at the last automatic save point in the game. Progress is also saved at the completion of each Act.

During gameplay, game data will automatically save as necessary. The screen above is displayed during the saving process. While saving is taking place, do not turn off the power or remove the Game Pak, as it may damage the save data.

PASSWORDS

When you complete the first three worlds at the Easy level of difficulty you will be presented with a password. Write it down or memorize it for access to a hidden surprise. Passwords are entered at the Input Password screen.

To enter your password:

1. Press the Control Pad $\uparrow\downarrow$ to highlight INPUT PASSWORD.
2. Press the **A** Button to proceed to the Input Password screen.
3. Press the Control Pad $\uparrow\downarrow$ to change letters.
4. Press the Control Pad \leftrightarrow to move to the next letter.
5. Press the **A** Button to highlight OK. Press it again to enter the game, or press the **B** Button to continue entering your password.

DISPLAY PASSWORD

The last option on the Mode Selection screen is DISPLAY PASSWORD. This outputs a password for use with the Nintendo GameCube™ version of *Teenage Mutant Ninja Turtles® 2: Battle Nexus™*.

1. Press the Control Pad $\uparrow\downarrow$ to highlight DISPLAY PASSWORD.
2. Press the **A** Button to proceed to the Display Password screen.

A password is taken from Story Mode in the selected data file and displayed on this screen. The password displayed on this screen cannot be used with the GBA version of *Teenage Mutant Ninja Turtles® 2: Battle Nexus™*.

MODE DESCRIPTIONS

Go your own way in one of three play modes that cover all kinds of action on this mysterious alien planet where the Turtles find themselves. For details on actual gameplay in each mode, see Playing the Game on p. 26.

STORY MODE

This is a single player mode that represents the main part of the game. The story unfolds as you progress through stages and worlds and shell out a whole lotta hurtin' with the Turtles!

Each world consists of six stages that must be cleared by getting the Turtles past all of the obstacles and opponents. When one stage is cleared, you are able to advance to the next. When a world is cleared, you advance to the next world. To clear a stage, you must gather all of the crystals. However, a single Turtle cannot gather the crystals by himself. This usually requires the combined talents of all four Turtles, one at a time. Whether or not a crystal is accessible may depend on which Turtle is being used. Think carefully, and change Turtles depending on the situation.

The number of crystals needed to advance differs depending on the level of difficulty.

The Easy level consists of only three worlds. To experience all the worlds and stages, you must play at the Normal or Hard levels.

After shell-shocking the enemies, overcoming various obstacles, snatching up the required crystals, and getting back to Earth, a surprise awaits the Turtles. What could it be...?

TO PLAY

After selecting this mode during setup, you are delivered to the Stage Selection screen, which also serves as the Turtle Selection screen.

Stage and Turtle Selection

The worlds are displayed first and only one world is available in the beginning. As you move the Turtles through this strange landscape, more stages, and ultimately more worlds, become available.

1. Press the Control Pad \leftrightarrow to highlight a world. In the upper right of the screen, the number of crystals obtained in the highlighted world is displayed. When you have obtained the set number of crystals needed to qualify for the next level, the crystal's color changes.

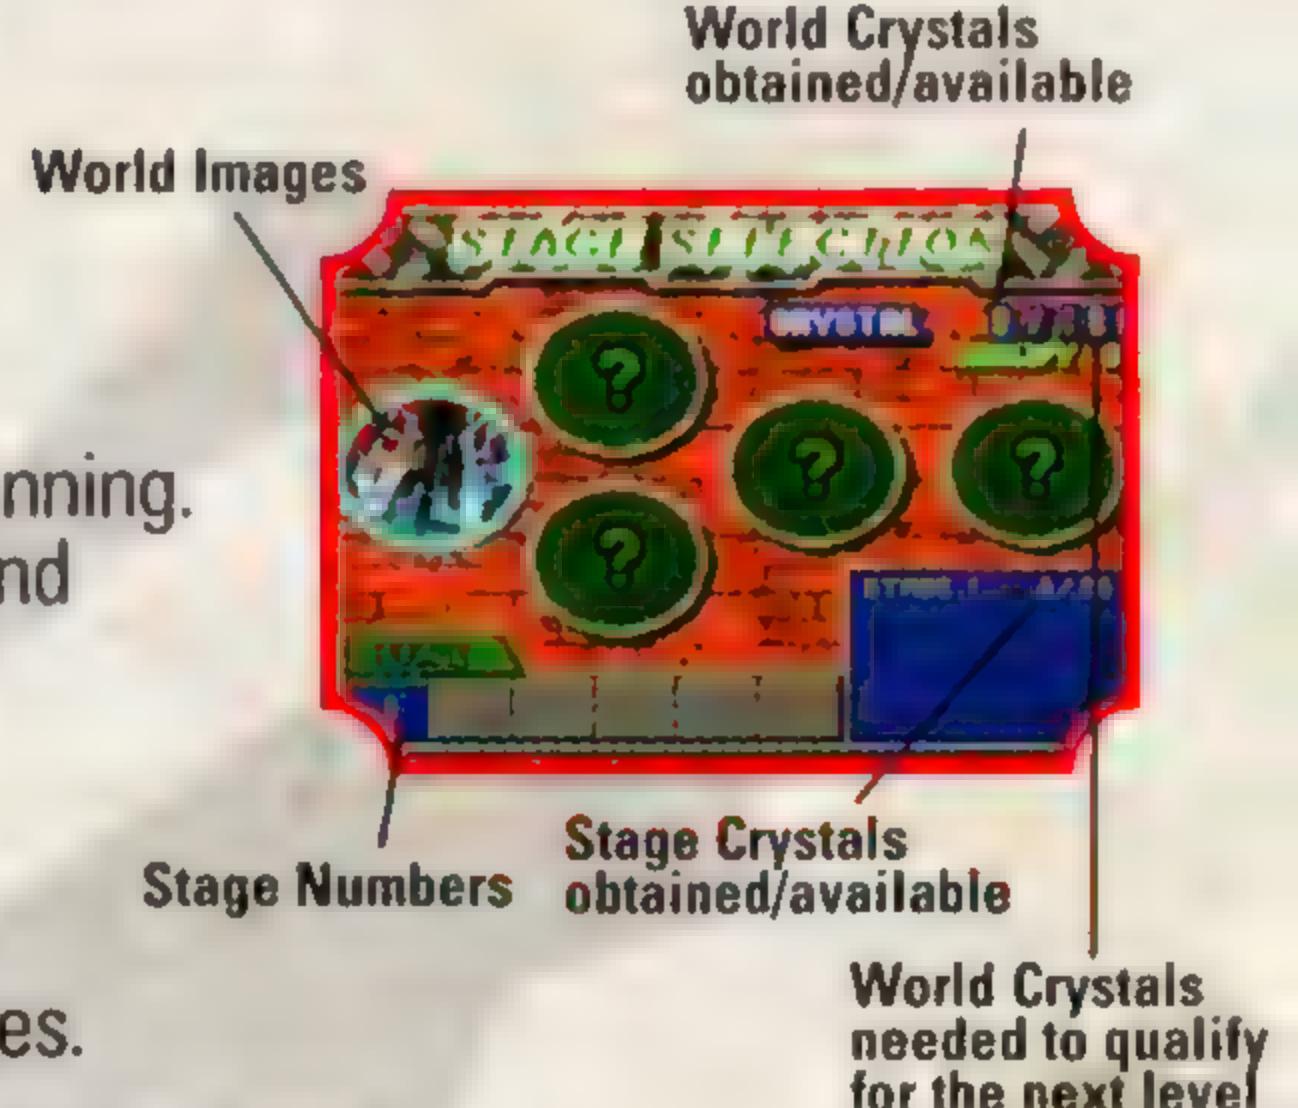

A turtle icon appears on the world image when the number of crystals needed to qualify for the next level has been obtained.

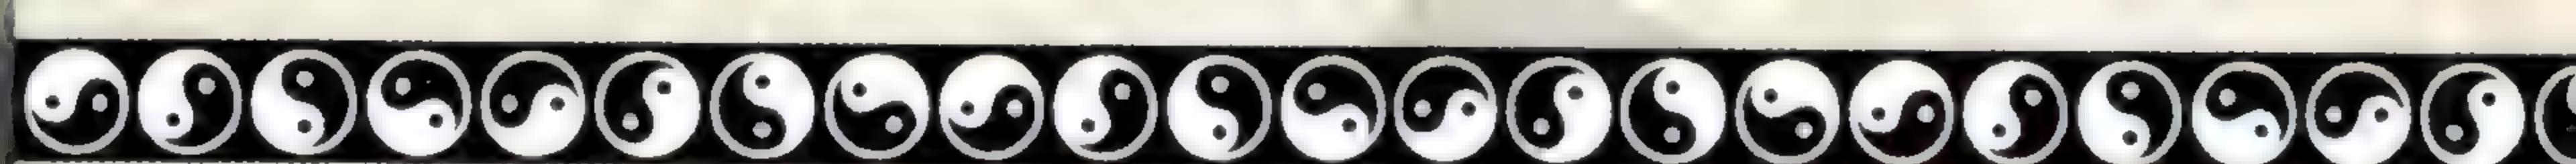

2. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.
After selecting a world, you must select a stage.
3. Press the Control Pad \leftrightarrow to highlight a stage. In the lower right of the Stage Selection screen, the number of crystals obtained in the highlighted stage is displayed.
4. Press the **A** Button to proceed or press the **B** Button to select a different world.

Now you must select a Turtle. Remember your strategy to work with all of the Turtles in order to realize success at collecting all of the crystals.

5. After selecting a stage, press the Control Pad \leftrightarrow to highlight a Turtle.
6. Press the **A** Button to proceed or press the **B** Button to select a different stage.

A turtle icon appears in the lower right corner of the Turtle's head shot if he has already cleared a stage.

Start the Mission

After selecting a Turtle, you are presented with the stage screen. Press the **A** Button to enter the stage. After the mission message is displayed, press the **A** Button again to get crackin'!

RACE MODE

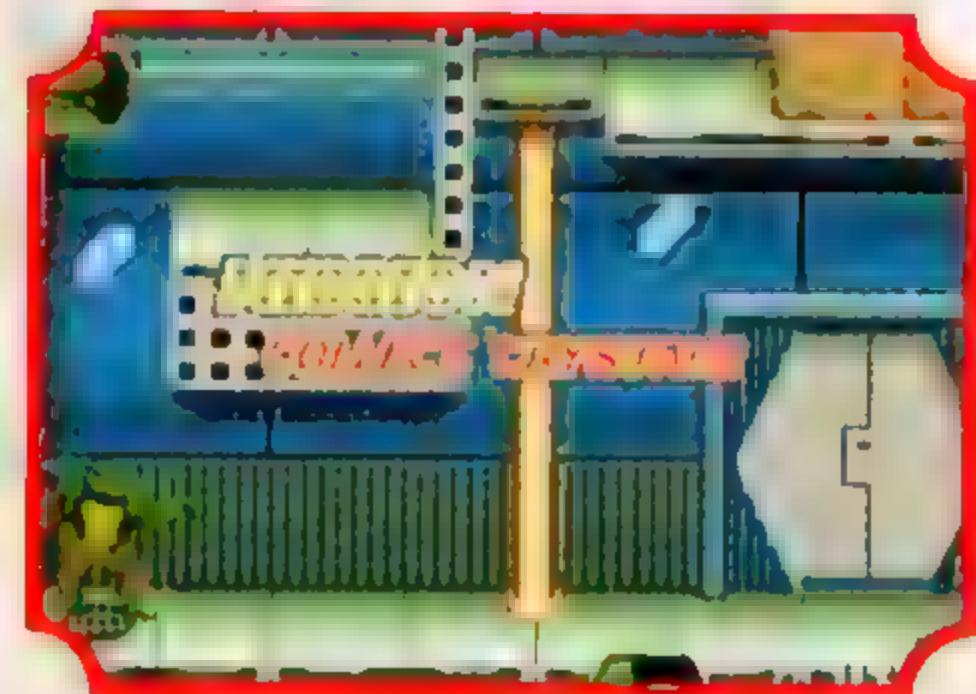

This is an all out speed mode for up to four players. Experience a shell of a battle as the four Turtles race their Muta-Boards to the finish! Each race consists of three laps and you must finish in first place to advance to the next course.

The Muta-Board reacts differently depending on which Turtle is riding. Use these abilities to your advantage and try them out on each course!

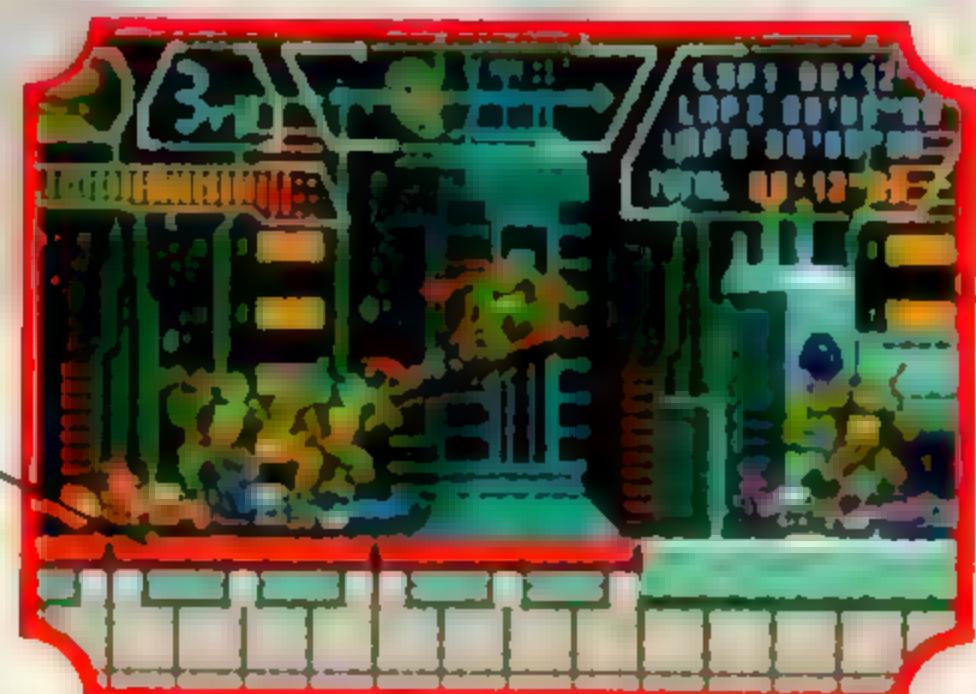

Clear all 15 courses to see the ending.

Courses that have been cleared in Single Player mode can be selected in Multiplayer mode as well.

Race Mode is the same at all difficulty levels.

Zone Power color

ZONE POWER

The Muta-Board can absorb the energy from the colored Zone below it. Press the Control Pad while on top of a colored Zone to absorb its powers. The Zone's powers (ninjutsu) are activated depending on the color.

Wind Zone (blue) = Turbo. Provides a temporary boost in speed.

Forest Zone (green) = Defense. Protects the Turtle from enemy attacks.

Fire Zone (red) = Flames. Temporarily wraps the Turtle in flames that damage foes.

Mountain Zone (yellow) = Super Jump. Enables Turtle to jump higher.

Poison Zone (black) = Damage. Accidentally stepping into this Zone causes the Turtle to crash.

TO PLAY

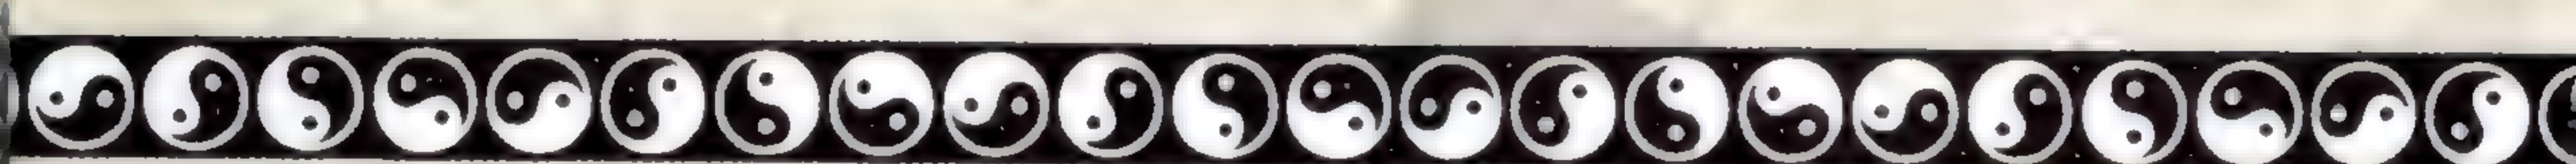

After selecting this mode during setup, you are prompted to select either Single Play or Multi Play. See Multiplayer Setup on p. 24 for details on all multiplayer games.

Turtle Selection

Select your favorite Turtle. Since the Turtles all possess unique skills, they tend to ride the Muta-Board in their own unique way.

Each Turtle is displayed with his ratings for Speed (SPD), Control (CTL), Stamina (STM), and Power (POW). Press the Control Pad \leftrightarrow to highlight a Turtle. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.

Course Selection

Only one course is available at first. More become available as you successfully complete them. Press the Control Pad \leftrightarrow to highlight a course. The course records are displayed at the bottom of the screen. Press the **A** Button to start the race or press the **B** Button to return to the previous screen.

BATTLE MODE

Battle Mode combines a series of mini-stages where you must collect as many crystals as possible in a timed event for one to four players. If you collect the specified number of crystals within the given time limit, then you advance to the next stage. A giant crystal appears when time starts to run out. Don't panic. Just get all the crystals your shell can hold!

Clear all 15 mini-stages to see the ending.

Stages that have been cleared in Single Player mode can be selected in Multiplayer mode as well.
Battle Mode is the same in all levels of difficulty.

Recent Course Record

Overall Course Record

TO PLAY

After selecting this mode during setup, you are prompted to select either Single Play or Multi Play. See Multiplayer Setup on p. 24 for details on all multiplayer games.

Turtle Selection

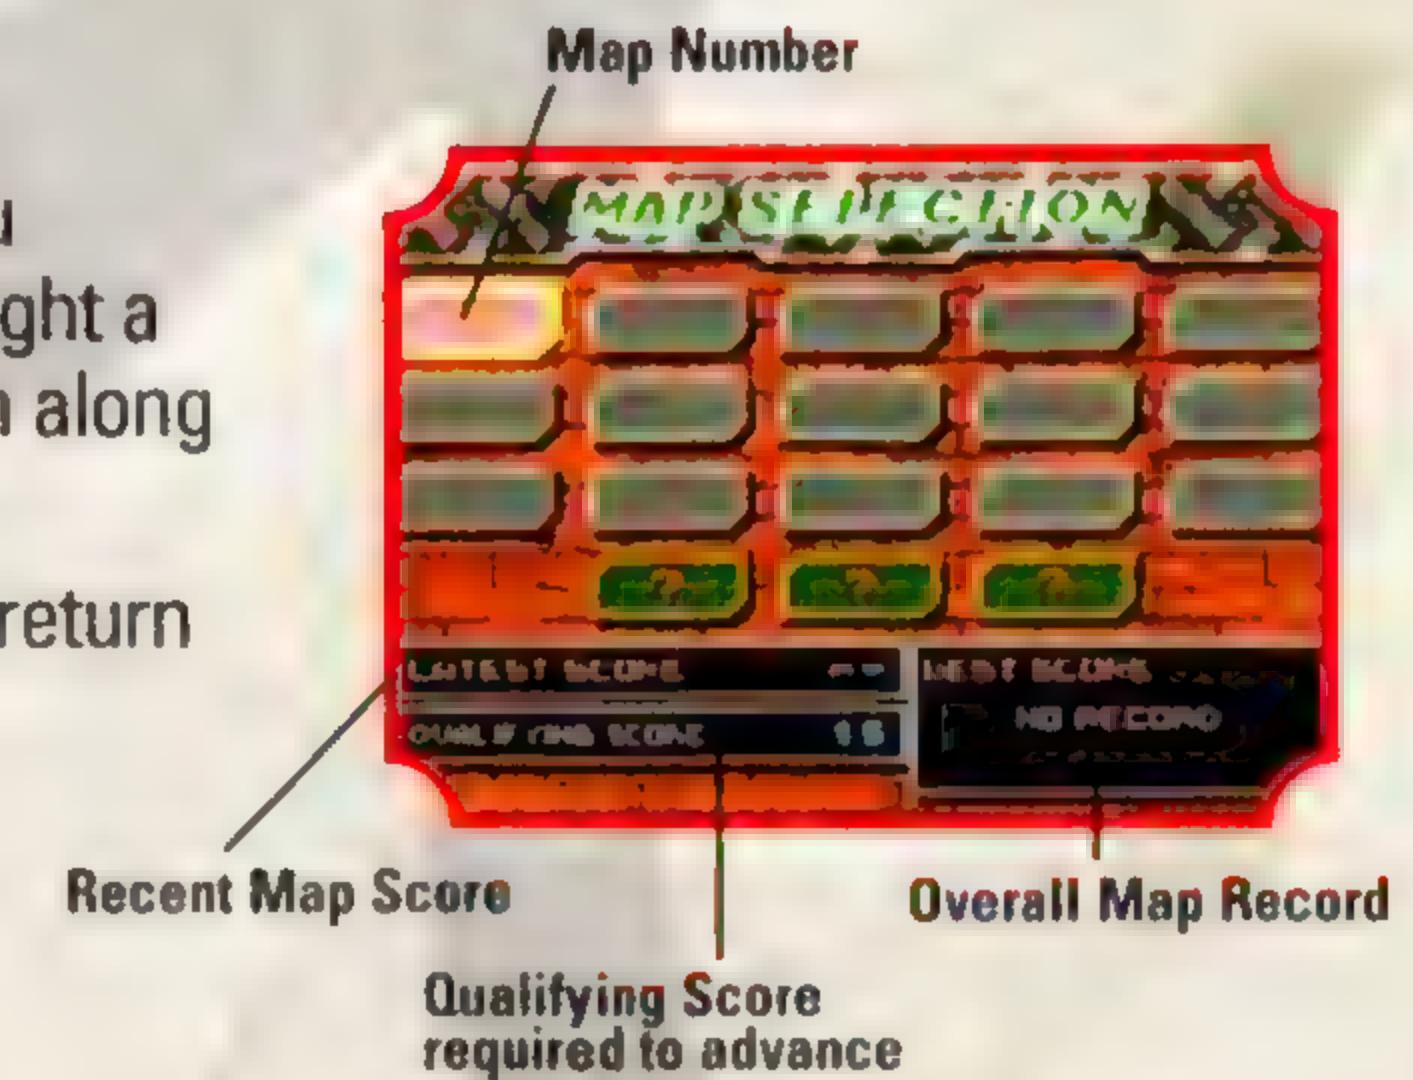

Select your favorite Turtle. Since the Turtles all possess unique skills, sometimes you'll need all of them in order to reach certain areas and collect all the crystals. Press the Control Pad \leftrightarrow to highlight a Turtle.

1. Press the **A** Button to proceed or press the **B** Button to return to the previous screen.

Map Selection

Only one map is available at first. More become available as you successfully complete them. Press the Control Pad \leftrightarrow to highlight a map. The map records are displayed at the bottom of the screen along with the score required to qualify and advance.

1. Press the **A** Button to start the race or press the **B** Button to return to the previous screen.

MULTIPLAYER SETUP

Only Race and Battle Modes can be played with more than one player. Both modes have nearly identical multiplayer setup procedures, as explained below.

REQUIRED ITEMS

- Game Boy® Advance system or Game Boy Advance SP
2-4 systems (depending on number of players)
- *Teenage Mutant Ninja Turtles® 2: Battle Nexus™*(GBA) Game Pak
2-4 Game Paks (corresponds to number of GBA systems)
- Game Boy® Advance Game Link® Cable
1-3 Game Link® Cables (usually only one Game Link® Cable is necessary)

PREPARATIONS

1. Make sure the power switch is OFF on all GBA systems and that each Game Pak is inserted properly.
2. Connect the GBA Game Link® Cable to each GBA's external extension connector.
3. Turn ON the power switch for all GBA systems.

The smallest plug should be connected to Player 1's (host's) GBA.

Never disconnect the GBA Game Link® cables or turn OFF the power at any time during gameplay.

4. Select Multi Play from the Play Selection screen.

The same mode must be selected for all participating Game Boy Advance systems. All systems must select Race Mode, or all systems must select Battle Mode.

The Multiplayer verification screen appears. The Multiplayer game starts if the connection is successful.

The "Connection Succeeded" text only appears on Player 1's (host's) screen.

If fewer than three systems are connected, Player 1 (host) must press any button when the "Connection Succeeded" message appears.

An error message appears in the case of connection failure or other problems during play. Turn off power, reconnect the GBA Game Link cables, and try again.

5. Each player must choose a Turtle, but no two players can choose the same Turtle. Press the Control Pad \leftrightarrow to highlight a Turtle. Press the **A** Button to make your selection.
6. In Race Mode, choose the desired number of races or in Battle Mode, choose the desired number of battles. Press the Control Pad \leftrightarrow to highlight a number. Press the **A** Button to make your selection.
7. After this last selection, it's time to get it on!

MULTIPLAYER TROUBLESHOOTING

Connection problems or errors may be due to the following reasons:

- You may be using a Multiplayer cable that has not been approved for use with the Game Boy Advance.
- GBA Game Link[®] Cable is not connected securely.
- GBA Game Link[®] Cable is removed during gameplay.
- GBA Game Link[®] Cable is connected to the connection box.

PLAYING THE GAME

Four Turtles. One Mission. Return to Earth! But how successful they are depends on your strategy and skill. Which Turtle is the peak performer against the dreaded Triceraton? Who can maneuver quickest through the dank halls of the Federation Base? How will you manage to collect all of the crystals needed to re-power the warping machine that brought the Turtles to this forsaken planet?

For details on each mode, see Mode Descriptions on p. 18.

THE GAME SCREEN

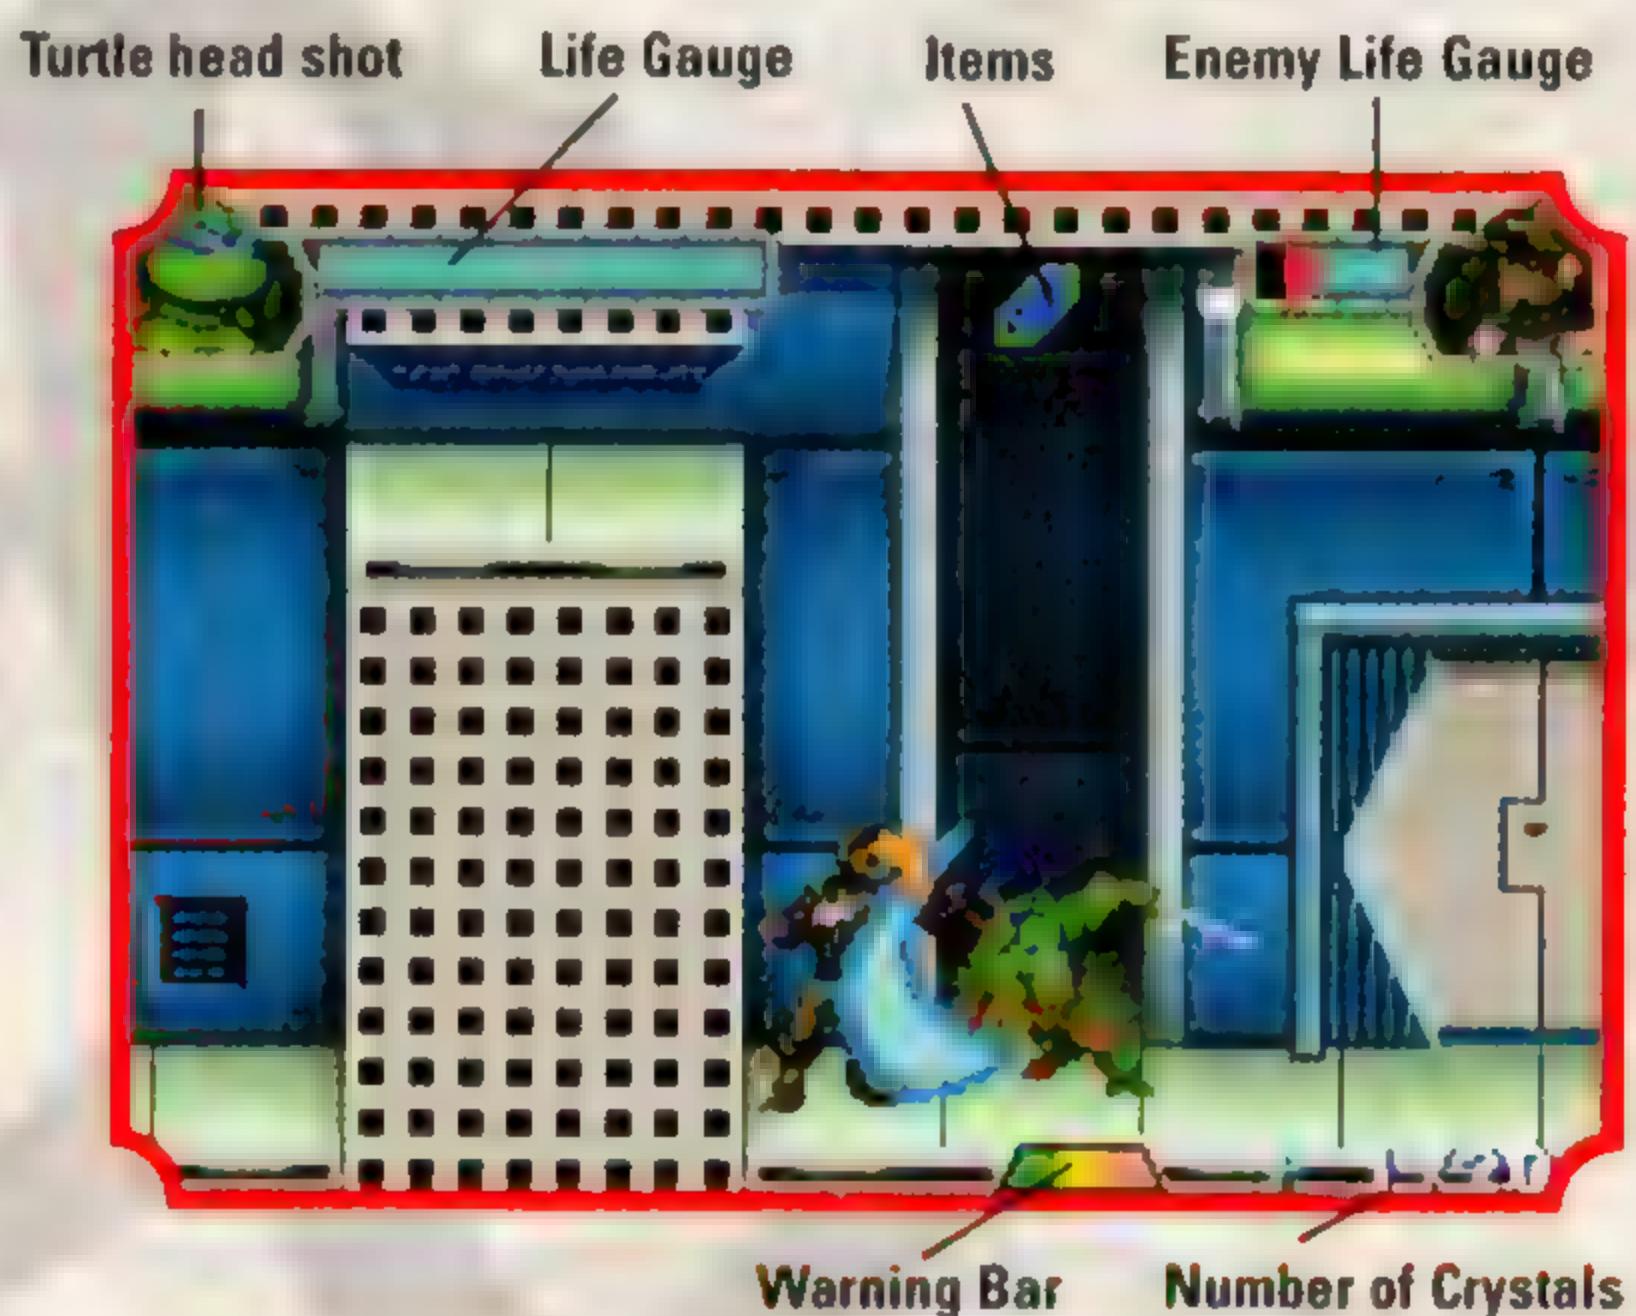

STORY MODE

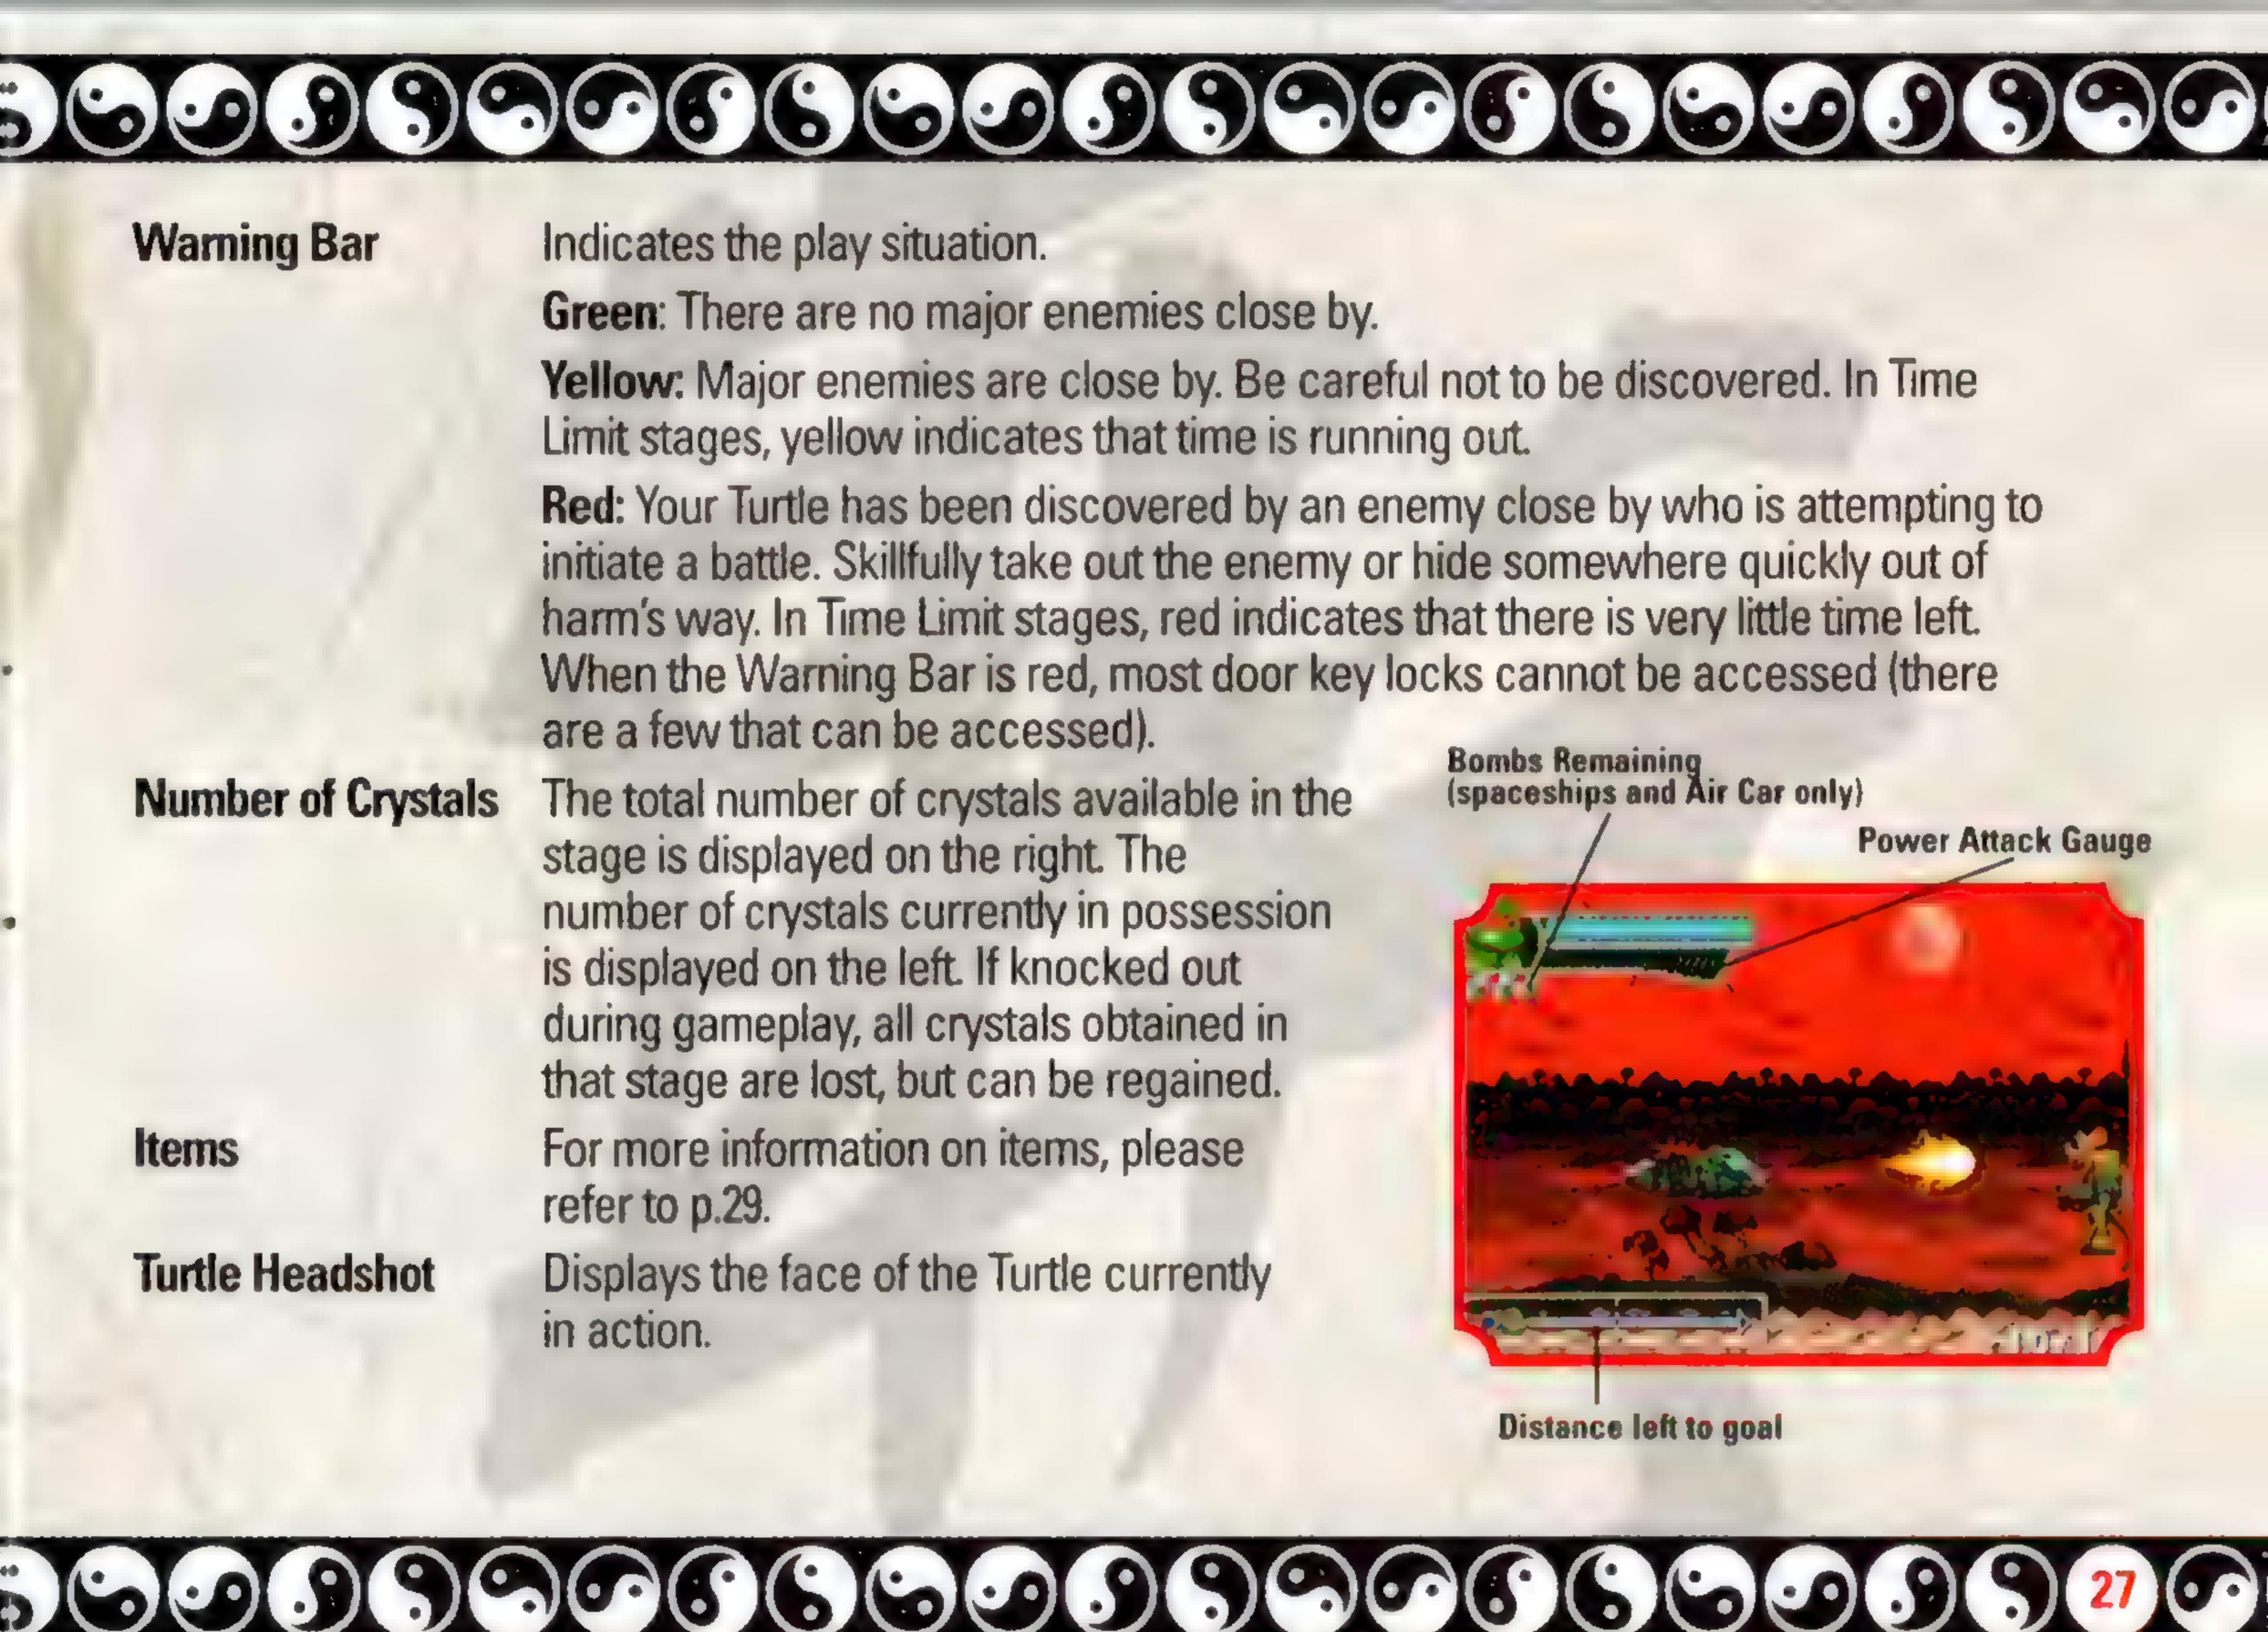

Life Gauge

Displays the Turtle's remaining life. If this gauge reaches zero, the Turtle is knocked out. This can be restored with certain items (see items on p. 29).

Enemy Life Gauge

Displays the enemy's life. If this gauge reaches zero, the enemy is knocked out.

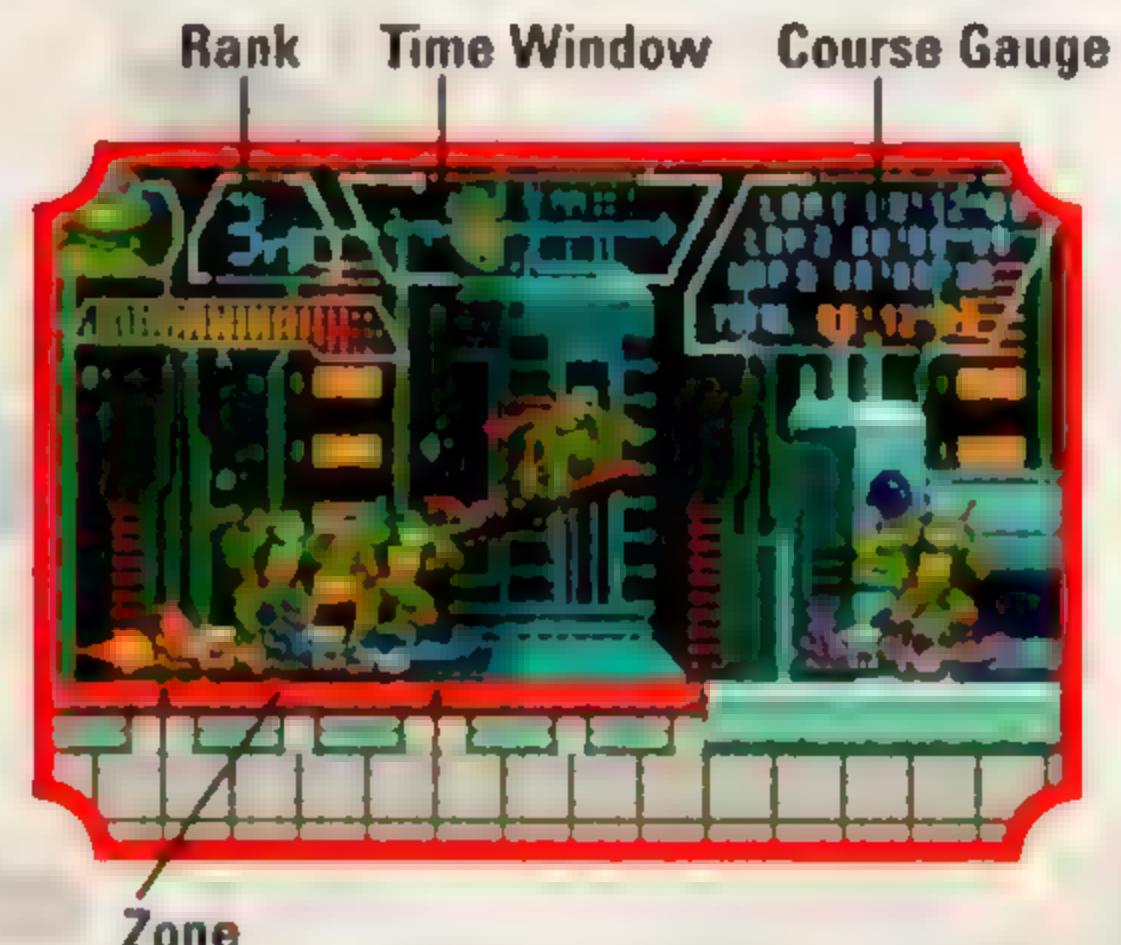

RACE MODE

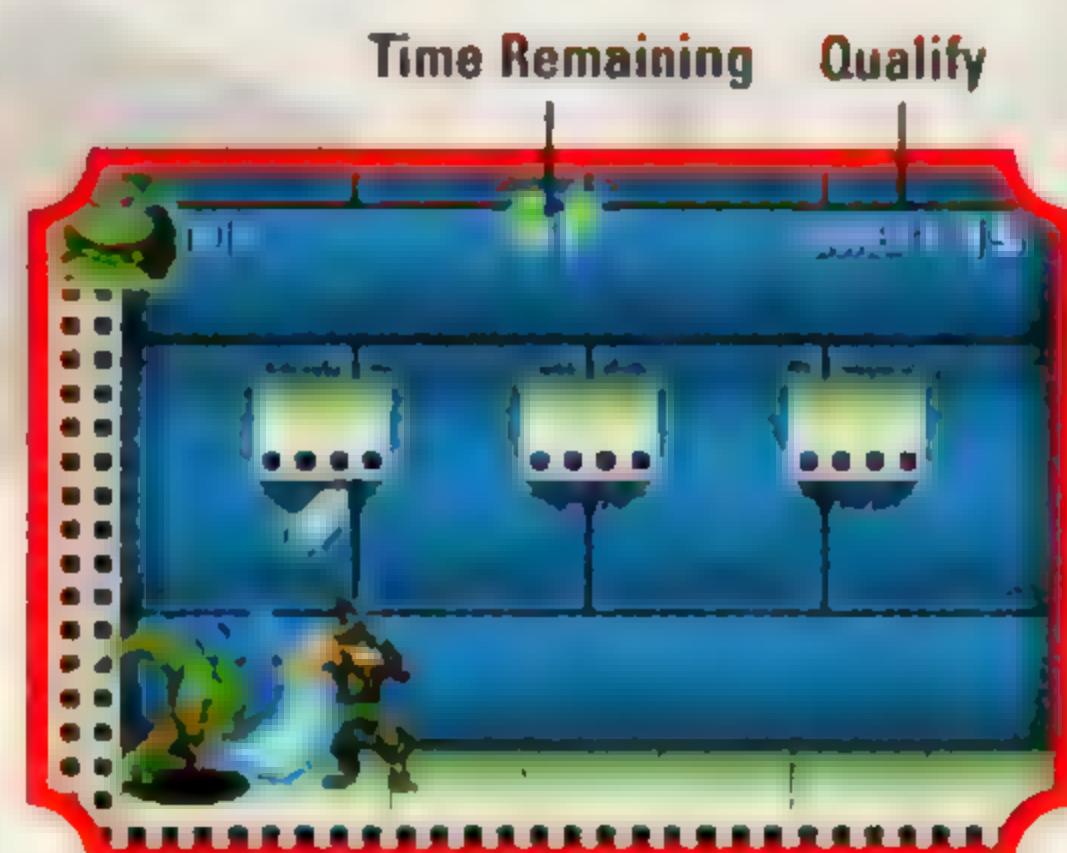

- Rank** Displays the Turtle's current rank in the race.
- Course Gauge** Shows each Turtle's position on the course.
- Time Window** Shows lap time for each lap and total time.
- Zone** Zones where crystal energy can be obtained throughout the race course (see Race Mode on p. 20 for details).

BATTLE MODE

Single Player

- Number of Crystals** Indicates the number of crystals in your Turtle's possession.
- Time Remaining** A countdown. When the time reaches zero, the game is over.
- Qualify** A quota number for crystals. If your Turtle reaches the quota within the time limit, the stage is cleared.
- Crystal Arrow** Indicates when a crystal is close by, but out of the screen. The arrow points in the crystal's direction. It does not point to a crystal that has been dropped by a Turtle.

Multiplayer

Crystal Count

Indicates the number of crystals in each Turtle's possession.

Time Remaining

A countdown. When the time reaches zero, the game is over.

ITEMS

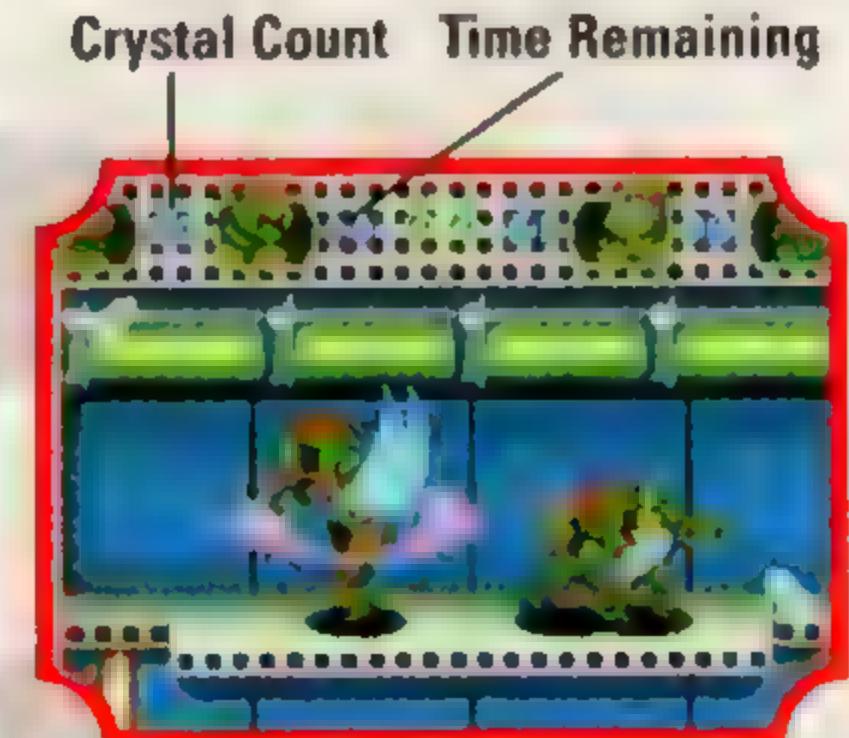

While the Turtles appreciate the finer things in life, nothing on screen is there just for looks. Every item means something. An item might mean something bad, but it still means something.

Crystal

This item is an essential part of the game. The Turtles must collect a certain number of crystals in each world to return to Earth.

There are 85 crystals per world in Normal mode, and all crystals in Hard mode.

Crystals exist in two sizes: large and small. One large crystal is equal to three small ones.

Life

Recovers a portion of the Life Gauge.

Crystal Leonardo

Bomb

Increases number of bombs in possession.

Life Raphael

Card Key

Unlocks consoles or doors of the same color.

Bomb Donatello

Weapon

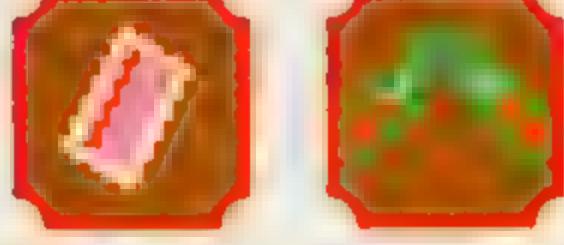

This is the most important item in the game. The Turtles' main weapons have been scattered about in the Action Stages by Dr. Stockman's hacking. Retrieve them as fast as you can!

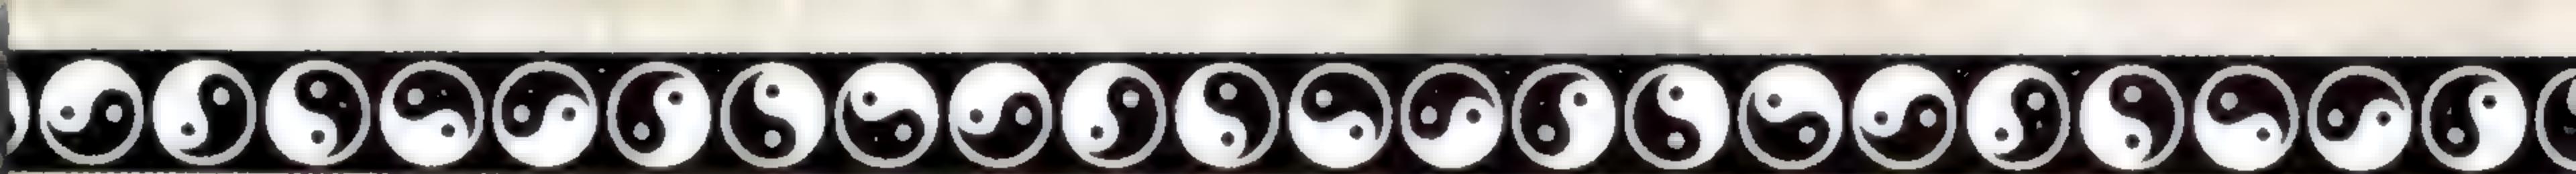

Main weapons that can be obtained differ depending on the Turtle.

(Leonardo: Katana Swords/Raphael: Sais/Donatello: Bo Staff/Michelangelo: Nunchakus)

Turtles can use their main weapons to open up new paths by breaking objects or defeating difficult enemies who are impossible to attack with Shurikens (throwing stars).

Card Key Michelangelo

RECOVERING LIFE

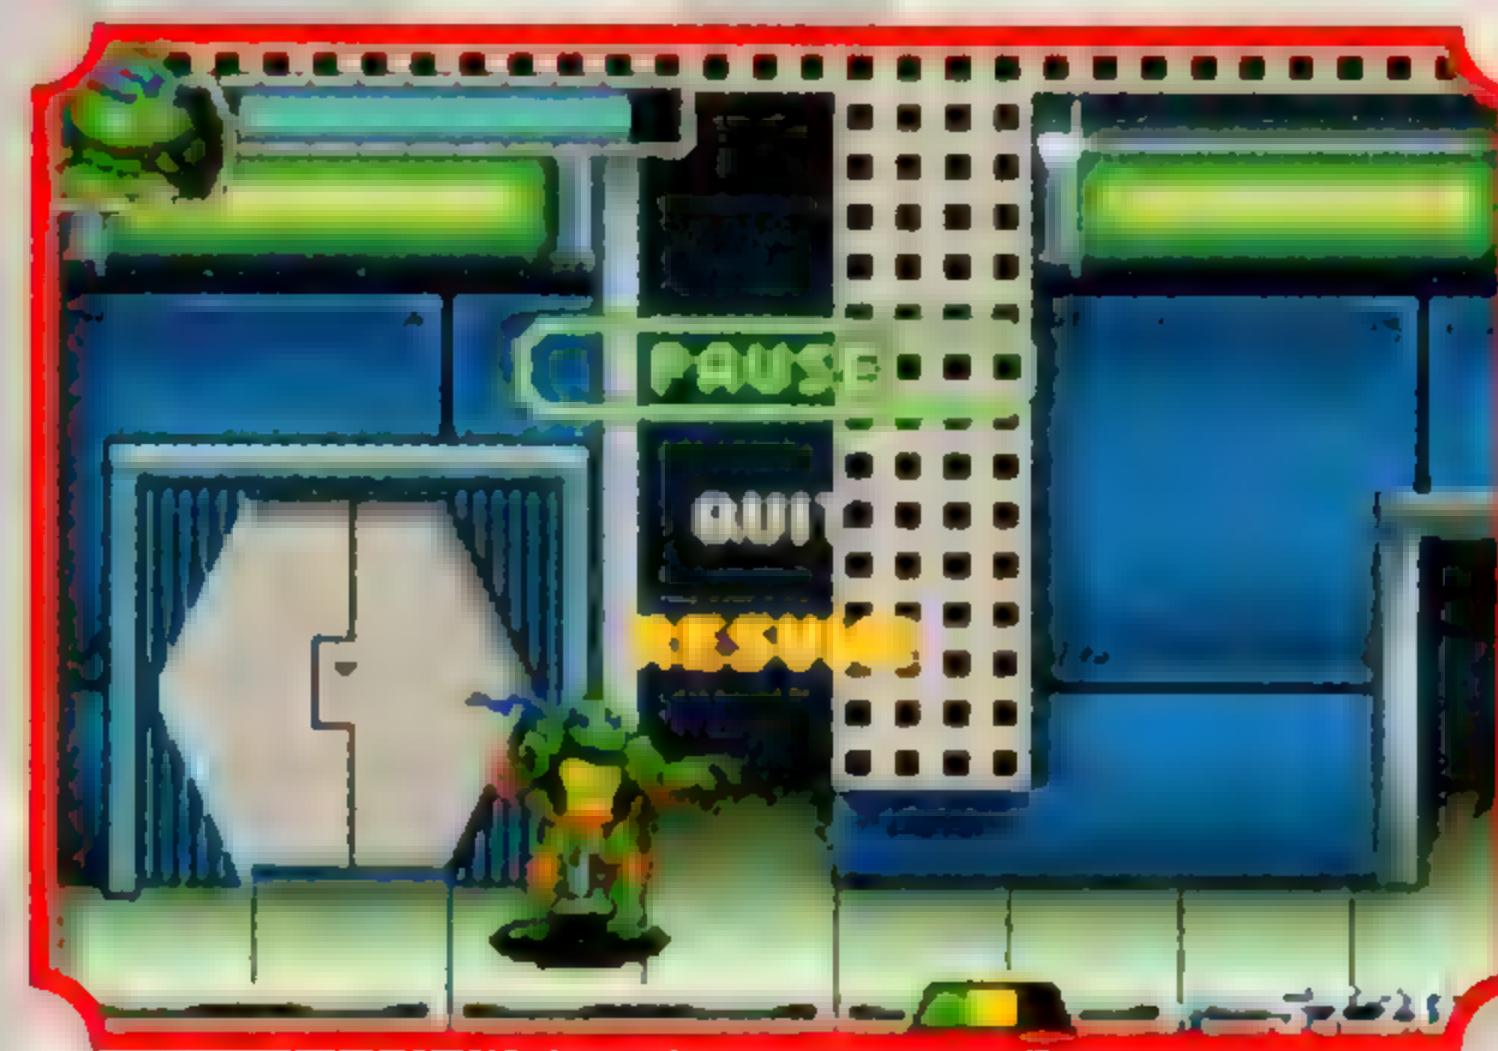

The following two methods can be used to recover life:

- Obtaining the Life items scattered around each stage to recover a portion of the Life Gauge.
- Clearing a stage or world restores the Life Gauge to full strength.

PAUSE MENU

Press START any time during the game action to take a break. The Pause Menu appears with a choice to RESUME and a choice to QUIT.

1. Press the Control Pad to highlight your choice, and then press the A Button to proceed

TURTLES AND WEAPONS

It's comforting to know that one thing never changes: Turtles will always be Turtles. Fortunately, that means the same incredible martial arts abilities, the same great weapon skills, and the same sense of humor that...well, okay, we'll leave it at skills and abilities.

Leonardo™

Katana Sword expert and leader of the group. He has a well-balanced fighting style. An all-around solid Turtle.

Raphael™

Sai expert. He's a wild one. He can use his Sais to climb up walls and reach high places that other Turtles can't access.

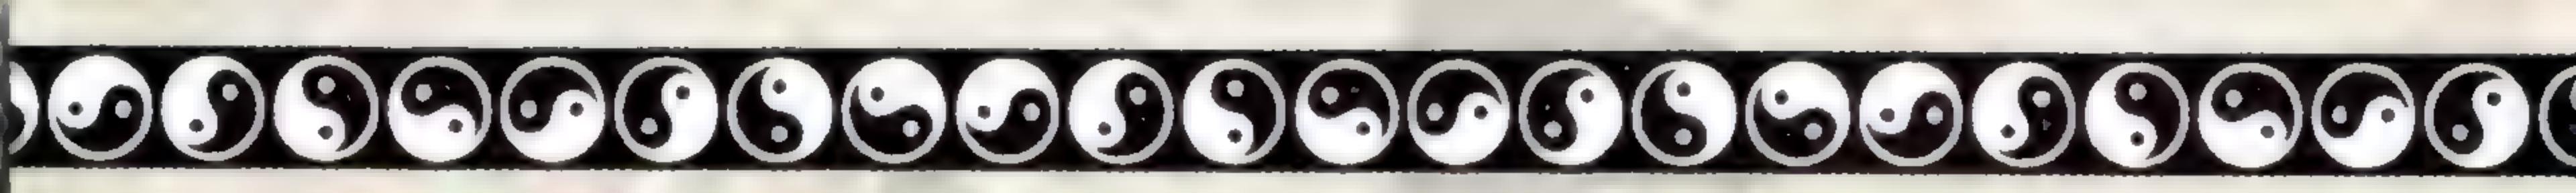

Donatello™

Bo Staff expert. He's an electronics geek. He is the only Turtle that can detect sensor traps with his special sensor goggles.

Michelangelo™

Nunchaku expert. Party dude extraordinaire. He can spin his nunchakus like a propeller and jump farther than any other Turtle.

CHARACTERS

A day in the life of a Turtle usually encounters lots of characters, both shady and true. Try to gain a slight advantage by studying their brief bios below.

Fugitoid

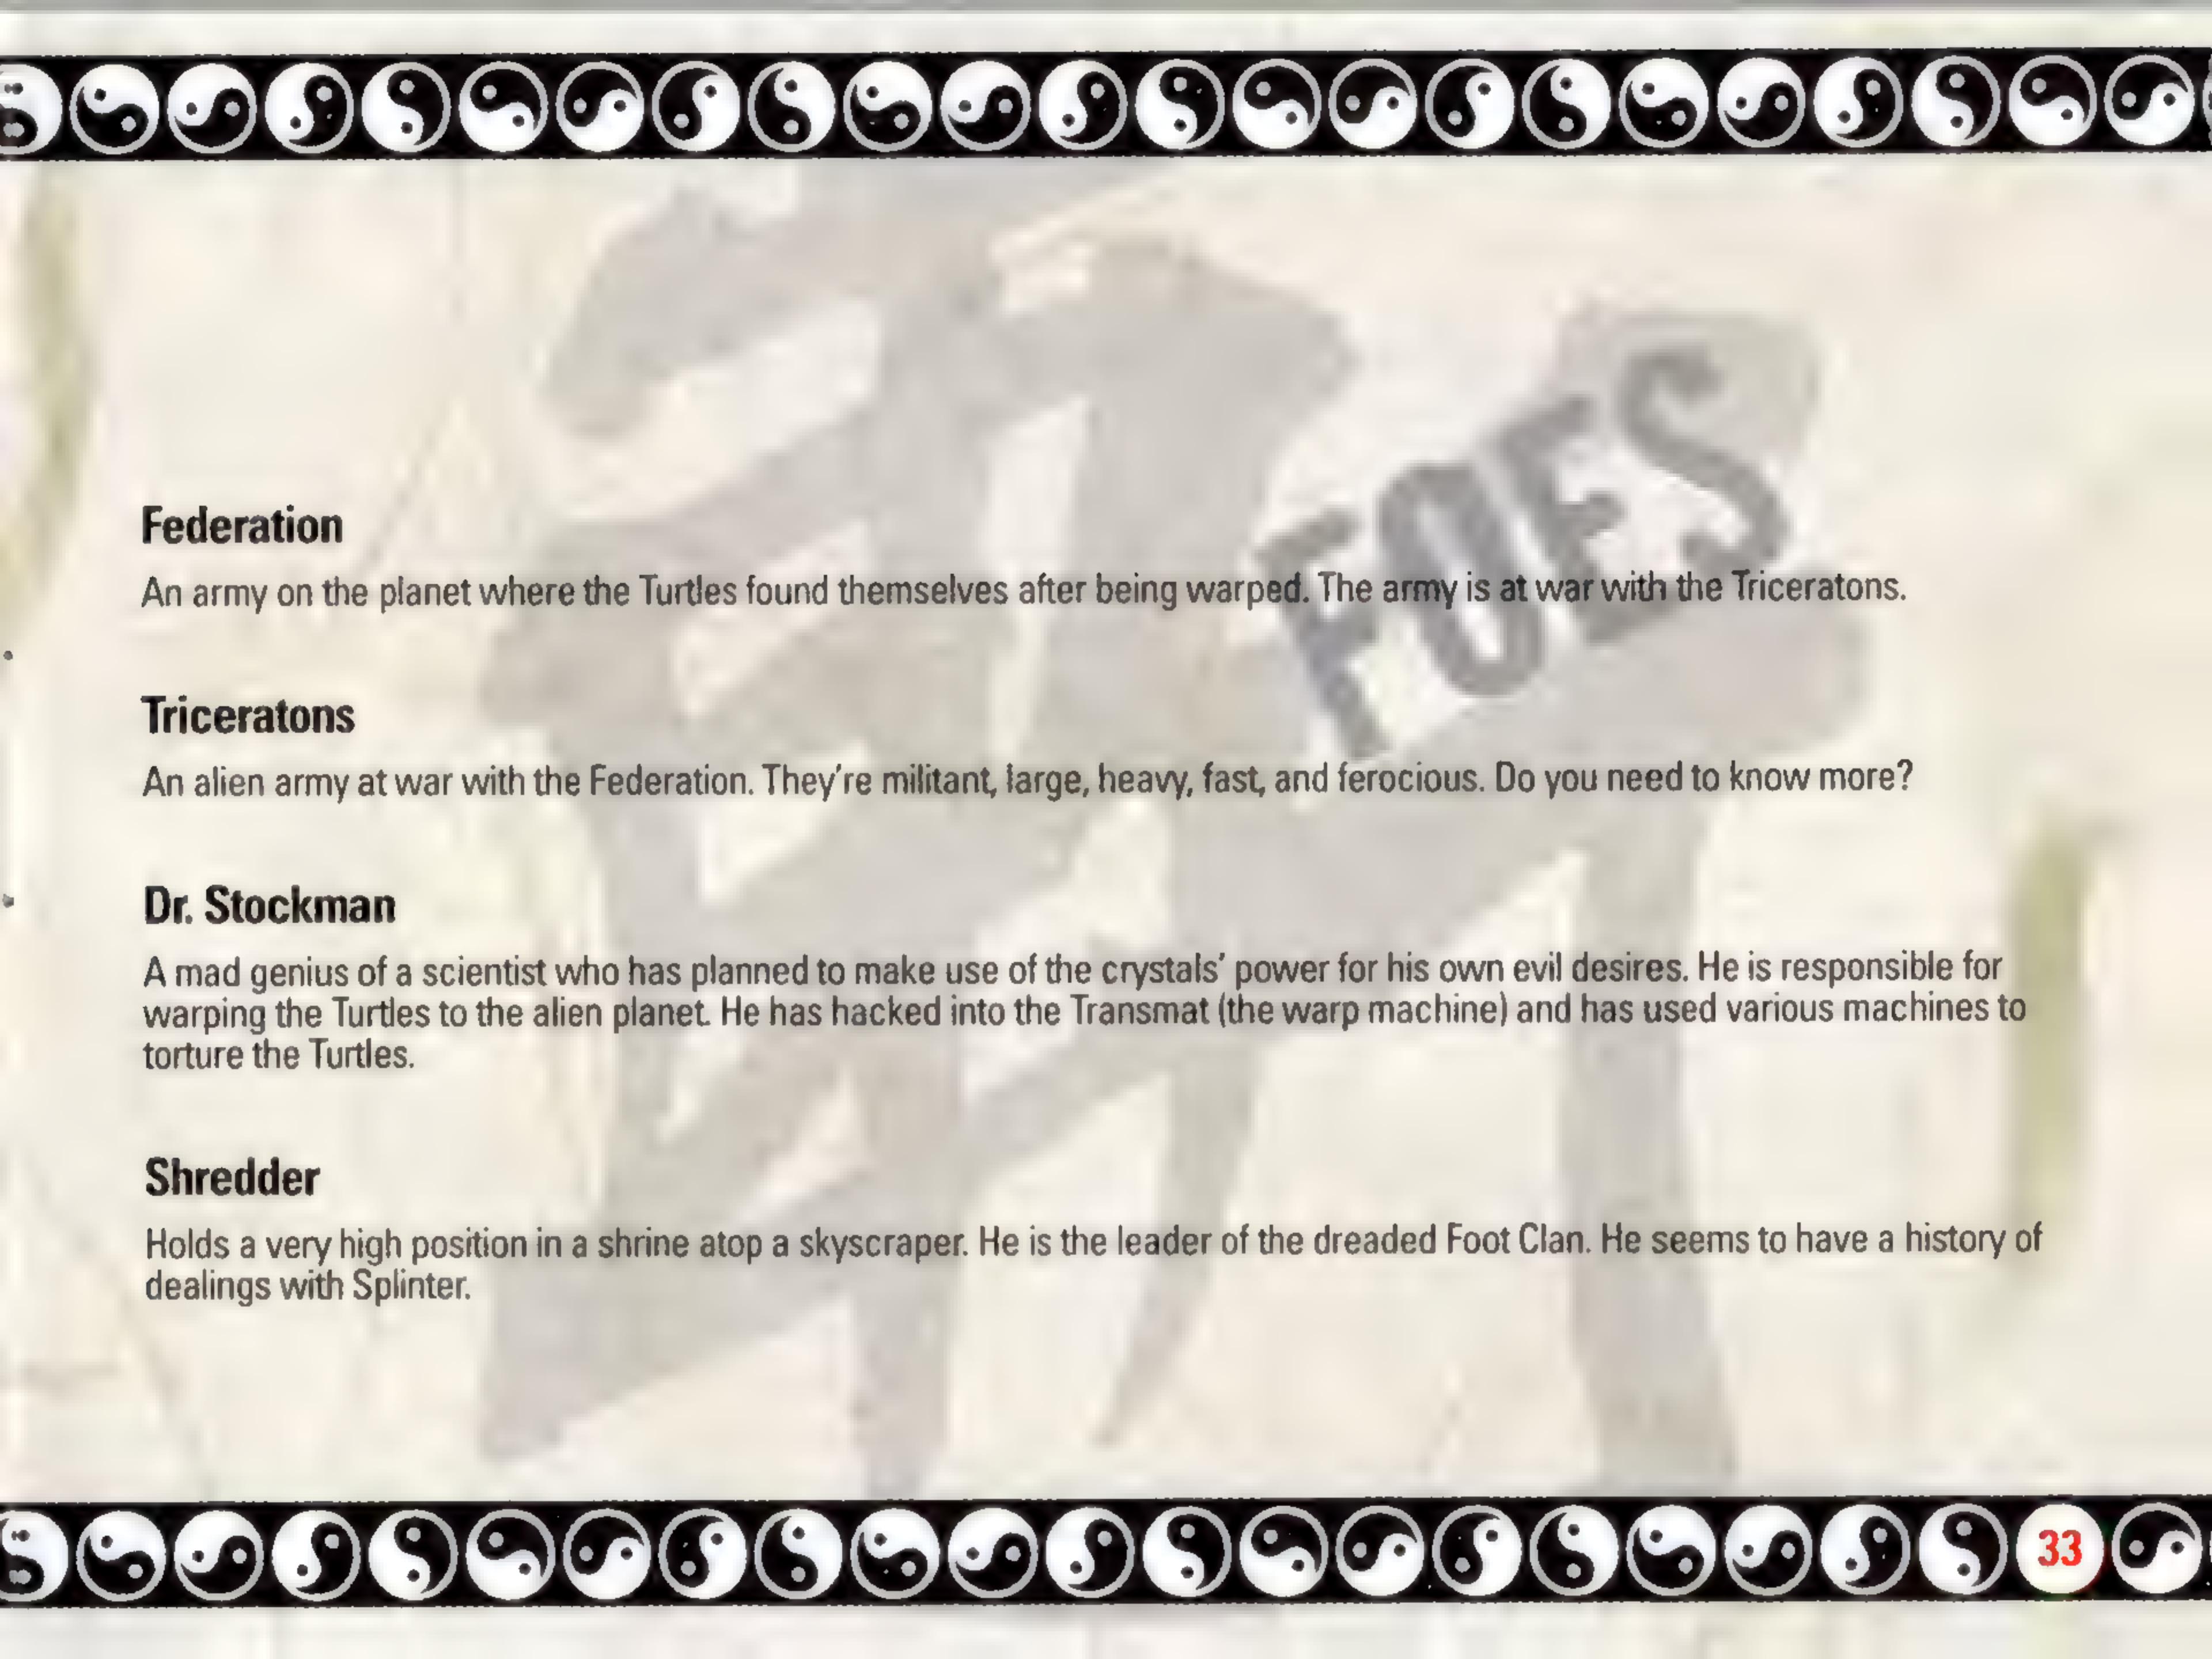

A robot that contains the mind of the doctor who researched and developed Trans-technology. It is being chased by the Federation Army and the Triceratons with the intention of abusing the doctor's technology. He was rescued by the Turtles and has vowed to help them find a way back to Earth.

Mr. Mortu

One of the Guardians. He was a friend of Splinter's former master, Hamato Yoshi. He has teamed up with Splinter to help the Turtles get back to Earth.

Splinter

He is the father figure to the Turtles, and their teacher as well. A true master of the martial arts.

Federation

An army on the planet where the Turtles found themselves after being warped. The army is at war with the Triceratons.

Triceratons

An alien army at war with the Federation. They're militant, large, heavy, fast, and ferocious. Do you need to know more?

Dr. Stockman

A mad genius of a scientist who has planned to make use of the crystals' power for his own evil desires. He is responsible for warping the Turtles to the alien planet. He has hacked into the Transmat (the warp machine) and has used various machines to torture the Turtles.

Shredder

Holds a very high position in a shrine atop a skyscraper. He is the leader of the dreaded Foot Clan. He seems to have a history of dealings with Splinter.

WARRANTY

Konami Digital Entertainment - America warrants to the original purchaser of this Konami software product that the medium on which this computer program is recorded is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This Konami product is sold "as is," without express or implied warranty of any kind, and Konami is not liable for any losses or damages of any kind resulting from use of this program. Konami agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any Konami product, postage paid, with proof of date of purchase, at its Factory Service Center. This warranty is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the Konami software product has arisen through abuse, unreasonable use, mistreatment, or neglect.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE KONAMI. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL KONAMI BE LIABLE FOR ANY SPECIAL INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THIS KONAMI PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

If you experience technical problems with your game, please call our Warranty Services number at (650) 654-5687.
